| 2 And are there any residents or 2 residents. We hope we will be able to conclude | |
| | |
| The hearing to hight, unless we are short | |
| 4 are going to want to address us tonight, if you 4 information or some of the Commissioners feel | |
| | |
| 6 If I could ask all of you to stand 6 complete everything tonight. Why don't you do | |
| 7 and raise your right hand; even if you are not 7 whatever you do. | |
| 8 sure but you think you might talk, raise your 8 Do you have your green card? | |
| 9 right hand. We don't want to swear people more 9 MR. DAVID LYNAM: We will. It | |
| ' ' | |
| ' ' '' | |
| | |
| 12 CHAIRPERSON BUSH: Thank you very much. 12 proceed with the hearing without the green card. | |
| 13 Usually our meetings are broadcast, 13 It is a fatal flaw in the process. 14 and together are not broadcasting the process. | |
| 14 and tonight we are not broadcasting; the reason 14 MR. RICHARD LYNAM: I can go get it. | |
| or.ospm 15 being we had to change our location because the | |
| 16 Village Hall is a polling place, so at 7:00 16 CHAIRPERSON BUSH: If you could do the | τ, |
| 17 o'clock the doors are sealed so the votes can be 17 we will receive them into evidence as soon as | |
| 18 counted. We are in this facility tonight and we 18 you get it back, that would be great. We | |
| 19 don't have a podium, we don't have a sound 19 appreciate that. | |
| 20 system. Can everyone hear me okay? No one has MR. DAVID LYNAM: So we will proceed | |
| 21 ever said they couldn't hear me. It shouldn't 21 subject to the arrival of the green card, thank | |
| 22 be an issue. I'm glad for that. 22 you. | |
| 23 I see Commissioner McCauley 23 Members of the Plan Commission, | |
| 24 COMMISSIONER MCCAULEY: Of course I went 24 David Lynam. I'm counsel for Hamilton Homes, | |

| 1 | address, please. | 1 | not what we are looking for. And at the same |
| 2 | MR. SIDDIQUI: Aziz Siddiqui, Hamilton | 2 | time we said that Garlands indicated to us that |
| 3 | Homes, vice president of Hamilton Homes, | 3 | this side, this portion of the side, |
| 4 | A-z-i-z, S-i-d-d-i-q-u-i. And the address is | 4 | approximately six feet if you could, five and a |
| 07:10PM 5 | 800 Hart Road, Suite 109, Barrington, Illinois | 07:13PM 5 | half or six feet, we went back, we discussed |
| 6 | 60010. | 6 | with our engineer to see what we can do to |
| 7 | Good evening, everybody. I am Aziz | 7 | accommodate some of their concerns that they |
| 8 | Siddiqui. As David indicated, this parcel is | 8 | have, and we managed to lower that portion of |
| 9 | approximately 4.2 acres. And we started this | 9 | the subdivision about two-and-a-half feet. We |
| 07:11PM 10 | process approximately seven to eight months ago | 07:13PM 10 | are still short about a couple of feet from what |
| 11 | with the Village and we conducted a town hall | 11 | they are looking for, so the project is somewhat |
| 12 | meeting at that time, predevelopment meeting | 12 | compatible to their development. And we respect |
| 13 | with the homeowners. We proceeded with the same | 13 | that and would like to see what we can do on |
| 14 | notifying all the homeowners. And we had a | 14 | that end. |
| 07:11PM 15 | group meeting at that time in the Village Hall | 07:14PM 15 | The stormwater system on this side |
| 16 | and initially we proposed approximately 12 | 16 | has been designed to contain all the water |
| 17 | houses with the detention to be built on the | 17 | within our subdivision, within this subdivision, |
| 18 | parcel and the Village viewed it, we submitted | 18 | keeping in mind the Lake County Stormwater |
| 19 | our proposal to the Village with all the | 19 | Management Ordinance and as well as the Village |
| 07:11PM 20 | required documents from traffic to wetland | 07:14PM 20 | of Barrington. And we have submitted to the |
| 21 | delineation proposed and the tree preservation | 21 | village engineer and they have reviewed it and |
| 22 | plan, a tree survey, and IDNR reports and | 22 | expressed their satisfaction. I'm sure we can |
| 23 | various different reports that we were required | 23 | see that on the staff report too. |
| 24 | to do; and we went with it and we submitted it | 24 | In terms of the tree preservation |

I'm sure they will be talking about it as we go |

| | 13 | | 15 |
|-------------------|---|-------------------|---|
| 1 | In terms of the utility | 1 | to eight and a quarter in terms of houses. |
| 2 | installation on this site for the storm and the | 2 | We have right now a plan with six |
| 3 | sanitary, we would be required to encroach into | 3 | elevations with three different floor plans on |
| 4 | the property of the Garlands to tie into the | 4 | these houses, and as we make progress we will be |
| 07:16PM 5 | storm sewer, which is our overflow route; and | 07:18PM 5 | submitting complete architectural plans for the |
| 6 | instead of runoff the engineer recommended us to | 6 | Village to review so that we follow whatever is |
| 7 | have it connected to a pipe and we, with their | 7 | required for us to do so. |
| 8 | cooperation, we managed to talk to them and | 8 | With that, I would like to thank |
| 9 | explain our situation and what the Village would | 9 | you, all of you for coming here today. And I'm |
| 07:16PM 10 | like to see, and there was some suggestions made | 07:18PM 10 | sure Garland and some of the people have some |
| 11 | initially, we wanted to come here, the | 11 | questions. But then I'll take the questions, if |
| 12 | engineers, Gewalt Hamilton recommended us to | 12 | Paul has any questions, we will go over that, I |
| 13 | connect to a particular location which we | 13 | guess, thanks. |
| 14 | changed it. | 14 | CHAIRPERSON BUSH: Okay. Next |
| 07:16PM 15 | And in one of the plan's initial | 07:18PM 15 | presenter is Paul. Is that it? |
| 16 | submittal the sanitary that was supposed to be | 16 | MR. SIDDIQUI: That's it for now. |
| 17 | connected along the easement, Garlands again | 17 | CHAIRPERSON BUSH: Anybody have any |
| 18 | recommended, the Village recommended was getting | 18 | questions of the petitioner? |
| 19 | too close to Lot Number 6 of this subdivision, | 19 | We are Commissioners, I'm going |
| 07:16PM 20 | so we pushed it further north and with their | 07:19PM 20 | to get to the public in a little bit so you got |
| 21 | permission to see if we can encroach, and | 21 | to hold your questions. I'm sorry, do you have |
| 22 | hopefully grant an easement on that and be able | 22 | any questions? |
| 23 | to connect the sewer system. | 23 | COMMISSIONER EHRLE: I will wait. |
| 24 | We have no street lights on the | 24 | CHAIRPERSON BUSH: You are going to |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 14 | | 16 |
| 1 | subdivision as the Village is recommending us to | 1 | wait. |
| 2 | go with the individual coach lights on these | 2 | Paul, do you want to be first or |
| 3 | houses. There were some questions about, raised | 3 | Dennis? |
| 4 | about street lights, what type and location wise | 4 | MR. EVANS: I was going to start and |
| 07:17PM 5 | and recently in a letter that I received from | 07:19PM 5 | have Dennis |
| 6 | Dennis, he has recommended coach lights on the | 6 | The petitioner, Hamilton Homes, is |
| 7 8 | project. | 7 8 | proposing to develop, this is a 4.2 acre parcel with 11 single-family residential lots. The |
| 9 | These are some of the concepts elevations of these homes that we are planning | 9 | site currently contains three single-family |
| 07:17PM 10 | to build. We intend to build all the homes | 07:19PM 10 | residences and accessory buildings which will |
| 11 | here; but if there are some interested buyers, | 11 | all be razed for this process. |
| 12 | we may end up selling a few lots as we are | 12 | The proposed subdivision is the |
| 13 | building as we are in the process of building | 13 | only access is from East Main Street to each of |
| 14 | it. So we will build six or seven houses; if | 14 | the lots. This is in an R-5 district and each |
| 07:17PM 15 | there are some buyers that would like to come | 07:20PM 15 | of the lots is 10,000 square feet. It also |
| 16 | in and join us and custom build with us, we may | 16 | meets the proposed subdivision requirements for |
| 17 | be selling like four or five lots as we go | 17 | lot size, which is 10,000, and the lot width of |
| 18 | along. | 18 | 75 feet. Obviously it is compatible with the |
| 19 | And here is a very preliminary | 19 | zoning in the comprehensive plan as far as the |
| 07:18PM 20 | concept plans that we intend to build here and | 07:20PM 20 | uses on the site. |
| 21 | these homes are approximately 3,000 to 36, | 21 | The Village in looking at this |
| 22 | 3700 square feet homes, and we intend to market | 22 | subdivision has really drawn a pretty high line |
| 23 | them on the low to mid 700's as the starting | 23 | regarding the subdivision saying that the only |
| 24 | price, as we are looking at, and they could go | 24 | way that the Village would look at this |

| | 17 | | 19 |
|--|---|--|---|
| 1 | subdivision is with no exceptions and so we have | 1 | there or can I speak from here? |
| 2 | asked that the petitioner bring in a plan that | 2 | CHAIRPERSON BUSH: You can speak |
| 3 | requires no exceptions on the site. And he has | 3 | from (indicating). We do have a reporter. Can |
| 4 | basically brought forth that plan today that | 4 | everyone hear? |
| 07:20PM 5 | meets the requirements of the Village and with | 07:23PM 5 | MR. BURMEISTER: In the staff report you |
| 6 | that staff is recommending approval of this | 6 | will see that public works did have one concern |
| 7 | plan. | 7 | on this site, and that is some of the grading on |
| 8 | Some of the conditions, obviously | 8 | the site. We'd like to see the grading perhaps |
| 9 | that they are required to pay the impact fees on | 9 | improved, if possible. We would like to at |
| 07:21PM 10 | the site, that they also have well they have | 07:23PM 10 | least look at that and is that a revised |
| 11 | homeowner's covenants and restrictions that will | 11 | MR. SIDDIQUI: Yes. |
| 12 | need to be reviewed by our legal counsel, we'll | 12 | MR. BURMEISTER: That's a revised? |
| 13 | probably put a monotony code that staff would | 13 | MR. SIDDIQUI: Revised not after the |
| 14 | recommend they do, so they aren't presenting any | 14 | letter but prior to the letter. But I'm |
| 07:21PM 15 | homes for review so they are going to come in | 07:23PM 15 | highlighting so people have an idea what area |
| 16 | individually in the building process, the | 16 | you are talking about. |
| 17 | building permit process, and at that time the | 17 | Basically this is the area that |
| 18 | Village would have to put in our ordinance, we | 18 | some of the grading we have in terms this is |
| 19 | will write about the monotony code so all the | 19 | what is in the plan on the |
| 07:21PM 20 | homes don't look alike. | 07:24PM 20 | MR. EVANS: This is in the packet. |
| 21 | In addition to that we are also | 21 | MR. SIDDIQUI: I'm highlighting the |
| 22 | asking that the petitioner pay \$43,700 in lieu | 22 | location. |
| 23 | of the required number of trees on the number of | 23 | MR. BURMEISTER: So public works has a |
| 24 | trees they have taken down that were considered | 24 | little concern on the grading. And we know that |

CHAIRPERSON BUSH: And the caliper of the trees? MR. EVANS: Four inches I believe is the size. Other than that the, as I mentioned the Village received a letter from the Garlands that was late on Thursday and we have asked our public works to review that and with that they have reviewed the memorandum, a memorandum that | 2 3 4 07:24PM 5 6 7 8 9 07:24PM 10 11 12 13 14 07:25PM 15 | their engineer that we can work some of the grading out. With grading stormwater flows on the site, I don't want to say is an issue but are part of grading so that you may notice and I'll step up here, may notice on the site that there is some, there is some grading in between these homes, and our concern would be that as the homes are built, if they weren't built by the builder, we would be dealing individually with different builders to make sure those grades were established and ultimately it worked out the way we all intended it to. So that's probably our one concern. |
| 2 3 4 07:22PM 5 6 7 8 9 07:22PM 10 11 12 13 14 07:22PM 15 16 17 18 | replanted a number of trees on the perimeter of the property, but because they physically couldn't fit in more trees, they are now donating 43,700 that would be used for parkway planting throughout the Village. CHAIRPERSON BUSH: And the caliper of the trees? MR. EVANS: Four inches I believe is the size. Other than that the, as I mentioned the Village received a letter from the Garlands that was late on Thursday and we have asked our public works to review that and with that they have reviewed the memorandum, a memorandum that I gave to the Plan Commission to review. Dennis Burmeister is here and he can respond to some of the concerns that were | 2 3 4 07:24PM 5 6 7 8 9 07:24PM 10 11 12 13 14 07:25PM 15 16 17 | their engineer that we can work some of the grading out. With grading stormwater flows on the site, I don't want to say is an issue but are part of grading so that you may notice and I'll step up here, may notice on the site that there is some, there is some grading in between these homes, and our concern would be that as the homes are built, if they weren't built by the builder, we would be dealing individually with different builders to make sure those grades were established and ultimately it worked out the way we all intended it to. So that's probably our one concern. And I think with that, that |

|--|---|--|--|
| 1 | see the back end of this lot, of this site, | 1 | another couple feet so |
| 2 | lowered down so that the elevations are more | 2 | COMMISSIONER SCHLOSSBERG: Artificially |
| 3 | compatible is the way I would understand that. | 3 | lowering the grade further or |
| 4 | CHAIRPERSON BUSH: Is that possible? | 4 | MR. SIDDIQUI: Just the building, the |
| 07:25PM 5 | MR. BURMEISTER: Well, I think it raises | 07:28PM 5 | proper foundation, I brought it down about a |
| 6 | a couple of issues. Our zoning ordinance, and | 6 | foot from the last meeting but we're still a |
| 7 | Paul might step in because I'm on a little shaky | 7 | couple feet short what they are looking for. |
| 8 | ground there, that's not necessarily my area of | 8 | COMMISSIONER SCHLOSSBERG: Now we are |
| 9 | expertise, but the height of the buildings are | 9 | not talking about grades, we are talking about |
| 07:26РМ 10 | dictated in our zoning ordinance by preexisting | 07:28PM 10 | building a shorter, a smaller house? |
| 11 | grades, if I have said that | 11 | MR. SIDDIQUI: The building as a result, |
| 12 | MR. EVANS: Predevelopment grades. | 12 | if I bring the foundation down another foot or |
| 13 | MR. BURMEISTER: Predevelopment grades. | 13 | so, which goes back to the point that Paul |
| 14 | So if that was graded down, that | 14 | raised, we could do it at the time when you |
| 07:26PM 15 | might affect the ability of the petitioner to | 07:28PM 15 | apply for a building permit and when you're |
| 16 | build a certain height home, okay. That's an | 16 | applying for a building permit. |
| 17 | observation, I guess. | 17 | I can completely understand the |
| 18 | COMMISSIONER SCHLOSSBERG: Which I ask | 18 | original submittal did show a lot of filling in |
| 19 | that question of you, Paul, I felt a similar | 19 | the area will raise the elevation, they brought |
| 07:26PM 20 | problem. I understand people artificially mound | 07:28PM 20 | it to our attention, we brought it down. We did |
| 21 | and grade in a different is that something we | 21 | it in such a way so this grade meets the |
| 22 | can address without having to come back for a | 22 | existing grade. |
| 23 | variation, if that's an engineering solution. | 23 | COMMISSIONER SCHLOSSBERG: All I want to |
| 24 | The only problem, our zoning code | 24 | know, if we assume that tonight, nine months |

| 1 2 | MR. EVANS: We are not we will deal | 1 2 | from now, you are going to have to come back |
| 2 | MR. EVANS: We are not we will deal with it in building permit. They have to meet | 2 | from now, you are going to have to come back because of a grade, because of a building height |
| 3 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint | 3 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the |
| 2 3 4 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. | 3 4 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel |
| 2 3 4 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask | 3 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to |
| 2 3 4 07:27PM 5 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to | 2 3 4 07:29PM 5 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel |
| 2 3 4 07:27PM 5 6 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask | 2 3 4 07:29PM 5 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation |
| 2 3 4 07:27PM 5 6 7 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then | 2 3 4 07:29PM 5 6 7 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? |
| 2 3 4 07:27PM 5 6 7 8 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is | 2 3 4 07:29PM 5 6 7 8 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. |
| 2 3 4 07:27PM 5 6 7 8 9 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is not their fault we have created the height. | 2 3 4 07:29PM 5 6 7 8 9 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. COMMISSIONER SCHLOSSBERG: That's all I |
| 2 3 4 07:27PM 5 6 7 8 9 07:27PM 10 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is not their fault we have created the height. MR. EVANS: To lower it even more, yes. | 2 3 4 07:29PM 5 6 7 8 9 07:29PM 10 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. COMMISSIONER SCHLOSSBERG: That's all I was trying to determine. |
| 2 3 4 07:27PM 5 6 7 8 9 07:27PM 10 11 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is not their fault we have created the height. MR. EVANS: To lower it even more, yes. COMMISSIONER SCHLOSSBERG: Is it | 2 3 4 07:29PM 5 6 7 8 9 07:29PM 10 11 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. COMMISSIONER SCHLOSSBERG: That's all I was trying to determine. MR. SIDDIQUI: So we probably, if we did |
| 2 3 4 07:27PM 5 6 7 8 9 07:27PM 10 11 12 13 14 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is not their fault we have created the height. MR. EVANS: To lower it even more, yes. COMMISSIONER SCHLOSSBERG: Is it something to anticipate tonight rather than | 2 3 4 07:29PM 5 6 7 8 9 07:29PM 10 11 12 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. COMMISSIONER SCHLOSSBERG: That's all I was trying to determine. MR. SIDDIQUI: So we probably, if we did bring the grade down, that may affect that. |
| 2 3 4 07:27PM 5 6 7 8 9 07:27PM 10 11 12 13 14 07:27PM 15 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is not their fault we have created the height. MR. EVANS: To lower it even more, yes. COMMISSIONER SCHLOSSBERG: Is it something to anticipate tonight rather than waiting until it comes back nine months from now when they are building. MR. SIDDIQUI: May I? | 2 3 4 07:29PM 5 6 7 8 9 07:29PM 10 11 12 13 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. COMMISSIONER SCHLOSSBERG: That's all I was trying to determine. MR. SIDDIQUI: So we probably, if we did bring the grade down, that may affect that. COMMISSIONER SCHLOSSBERG: Okay. MR. BURMEISTER: If the petitioner builds that, lowering the building elevation, |
| 2 3 4 07:27PM 5 6 7 8 9 07:27PM 10 11 12 13 14 07:27PM 15 16 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is not their fault we have created the height. MR. EVANS: To lower it even more, yes. COMMISSIONER SCHLOSSBERG: Is it something to anticipate tonight rather than waiting until it comes back nine months from now when they are building. MR. SIDDIQUI: May I? What we have done here is, | 2 3 4 07:29PM 5 6 7 8 9 07:29PM 10 11 12 13 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. COMMISSIONER SCHLOSSBERG: That's all I was trying to determine. MR. SIDDIQUI: So we probably, if we did bring the grade down, that may affect that. COMMISSIONER SCHLOSSBERG: Okay. MR. BURMEISTER: If the petitioner |
| 2 3 4 07:27PM 5 6 7 8 9 07:27PM 10 11 12 13 14 07:27PM 15 16 | MR. EVANS: We are not we will deal with it in building permit. They have to meet the code, which is 25 feet generally to midpoint of a gable. COMMISSIONER SCHLOSSBERG: If we ask them to artificially adjust the grade to accommodate our grading concerns, we would then have to maybe grant a variation because it is not their fault we have created the height. MR. EVANS: To lower it even more, yes. COMMISSIONER SCHLOSSBERG: Is it something to anticipate tonight rather than waiting until it comes back nine months from now when they are building. MR. SIDDIQUI: May I? What we have done here is, currently the way these grades work in the back | 2 3 4 07:29PM 5 6 7 8 9 07:29PM 10 11 12 13 14 07:29PM 15 | from now, you are going to have to come back because of a grade, because of a building height problem not being to code, do you feel the proposed changes made, or do all of you feel with those changes made, you will be able to build a building that won't need a variation from the code? MR. SIDDIQUI: No, it won't. COMMISSIONER SCHLOSSBERG: That's all I was trying to determine. MR. SIDDIQUI: So we probably, if we did bring the grade down, that may affect that. COMMISSIONER SCHLOSSBERG: Okay. MR. BURMEISTER: If the petitioner builds that, lowering the building elevation, that will solve it. I guess I wasn't looking at it from that aspect, so |
| 2 3 4 07:27PM 5 6 7 8 9 07:27PM 10 11 12 13 14 07:27PM 15 16 17 18 | MR. EVANS: We are not we will deal with it in building permit. And that may show that relationship better. |

| | 25 | | 27 |
|-------------------|--|-------------------|--|
| 1 | to identify some of the trees around the | 1 | there is some easements dedicated to the Village |
| 2 | Garlands' property and we can certainly ask the | 2 | for our ability to go in there and maintain some |
| 3 | petitioner to improve that at our next | 3 | areas on the Garlands. |
| 4 | submittal. | 4 | Construction access to the site, it |
| 07:30PM 5 | They did have, the Garlands did | 07:33PM 5 | would be our expectation that they would be |
| 6 | have a comment relative to the landscaping that | 6 | utilizing Main Street in a construction access. |
| 7 | there were only I think four evergreens proposed | 7 | It would not be my expectation that they would |
| 8 | back here again. I think the previous comment | 8 | be utilizing any of their property unless they |
| 9 | relative to looking at those cross sections, and | 9 | had explicit authorization to do that. |
| 07:30PM 10 | if we have all of the landscaping that's on the | 07:33PM 10 | There is a concern from the |
| 11 | Garlands, perhaps some adjustments, some may be | 11 | Garlands that some water may sheet drain from |
| 12 | necessary, the Garlands do have some trees on | 12 | the property on to the Garlands. And we |
| 13 | their property, we can't see where they are | 13 | understand that and that's one of our comments |
| 14 | exactly at, but I'm not sure how the petitioner | 14 | initially is the grading, and along with grading |
| 07:30PM 15 | would feel about adding landscaping. | 07:33PM 15 | you always have the stormwater issue. |
| 16 | MR. SIDDIQUI: We have no problems with | 16 | So I think specifically from what I |
| 17 | that. We will definitely add it if we have to. | 17 | understand, I think there is some concern that |
| 18 | MR. BURMEISTER: Light spillage was a | 18 | the stormwater running in this swale on the west |
| 19 | concern of the Garlands. Again there is no | 19 | side of the property, in various rain events may |
| 07:31PM 20 | typical subdivision street lighting proposed. I | 07:34PM 20 | not be picked up in the inlet or this inlet and |
| 21 | guess one of the things, Paul, we haven't had | 21 | then it's required, the stormwater would kind of |
| 22 | any conversation or discussion relative to | 22 | take a bend to get into this detention pond. So |
| 23 | perhaps a street light at the corner. Often we | 23 | I think there is a concern that that would just |
| 24 | see that, but we haven't had any discussions to | 24 | keep going and run in this direction; again, |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 26 | | 28 |
| 1 | that, but I don't, you know, we are not | 1 | something that we are as well concerned about, |
| 2 | there was no proposal for street lights within | 2 | and grading is part of that issue. |
| 3 4 | here, so I don't think that's going to be an | 3 4 | There was a comment relative to the |
| 1 - | issue. The Garlands commented on the | _ | detention pond outlet pipe going into the Garlands' sewer and that can be done at an |
| 07:31PM 5 | easement as well as proposed for some of the | 07:34PM 5 | elevation that would be a little higher than |
| 7 | utilities that would be going on to their | 7 | what is proposed and that, we can certainly look |
| 8 | property, and we certainly would not object to | 8 | at that in our final engineering phase. |
| 9 | that. The Village would have the ultimate | 9 | The Garlands is requesting, as we |
| 07:31PM 10 | ownership of the pipe that goes from the, it | 07:35PM 10 | would, that the construction of this detention |
| 11 | would be very typical that the Village would own | 11 | pond be certified by a geotechnical engineer, |
| 12 | the sanitary sewer, that's normal. This becomes | 12 | and we would certainly agree with that. We |
| 13 | maybe an area that is a little grayer on who | 13 | would not want a situation where this was built |
| 14 | would have ownership; for example the Garlands | 14 | improperly and failed and the dam broke, so to |
| 07:32PM 15 | has ownership of this storm line here | 07:35PM 15 | speak. And we can make that a condition of the |
| 16 | (indicating), if I'm not mistaken, and in this | 16 | permit. |
| 17 | particular case the Village would certainly be | 17 | The next comment is relative to the |
| 18 | looking to accept the ownership from the control | 18 | detention pond control structure which was |
| 19 | structure here to the connection point, so we | 19 | proposed to have a two-year I'm sorry, a |
| 07:32PM 20 | would have ownership and take maintenance | 07:35PM 20 | two-and-a-half inch restrictor for a two-year |
| 21 | responsibilities of that. | 21 | storm event. The Barrington Watershed |
| 22 | And understand that concern that | 22 | Development Ordinance does have a minimum size |
| 23 | the Garlands had. So the Garlands was very | 23 | restrictor of four inch, and the reason for that |
| 24 | accommodating for stormwater on their site and | 24 | is to put, reduce the likelihood of that |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| Ī | (847) 415-2553 | | (847) 415-2553 |

| | 29 | | 31 |
|-------------------|---|-------------------|---|
| 1 | restrictor clogging. Two inches is a pretty | 1 | The next comment is relative to the |
| 2 | small restrictor; we did look at that. It then | 2 | sanitary sewer is proposed to be directionally |
| 3 | does meet the release rate that's required in | 3 | toward from here to here; in other words they |
| 4 | our ordinance. | 4 | would not open cut and dig that, they would |
| 07:36РМ 5 | In discussions with Gewalt | 07:39PM 5 | literally set up a machine to bore that across, |
| 6 | Hamilton, we can certainly look at that and | 6 | and Garlands is simply requesting that that be a |
| 7 | increase the size, the result of an increase in | 7 | requirement that they do it that way because of |
| 8 | size is a result has been an increase in the | 8 | the vegetation that exists here. And we would |
| 9 | release rate from the detention pond, which they | 9 | certainly concur with that. |
| 07:36PM 10 | are doing a better job and with the detention | 07:39PM 10 | Number 12 is really, has four |
| 11 | pond; but again something we can look at that in | 11 | comments there. And they all basically deal |
| 12 | final engineering. | 12 | with the detention basin and in its proximity to |
| 13 | COMMISSIONER EHRLE: When do you | 13 | the Garlands. And Garlands was asking that |
| 14 | recommend the four-inch, the pipe that has to be | 14 | consideration be given to lowering the high |
| 07:36PM 15 | in there or | 07:39PM 15 | water level, the high water level of this pond |
| 16 | MR. BURMEISTER: We have approved some | 16 | so that it is below the first floor elevation; |
| 17 | three-inch and the type of detention I'm | 17 | and I should note that the plans are incorrect |
| 18 | sorry, the type of outlet control structures | 18 | stating that the finished floor elevation of the |
| 19 | that we like to see are the type that have | 19 | Garlands villas are noted at 630 on this set of |
| 07:37PM 20 | really basically a large manhole with a flat | 07:40PM 20 | plans and it is really 830, okay, pretty |
| 21 | plate with a drilled hole in it. They typically | 21 | significant difference. |
| 22 | will have two covers on the top for maintenance. | 22 | I think I'm correct that's |
| 23 | We like to see those. While something could | 23 | something, again I think that goes back to our |
| 24 | clog that, they are fairly easily maintained in | 24 | comment relative to the whole grading on the |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 30 | | 32 |
| 1 | removing the obstruction and then it starts to | 1 | site, if during the course of our meetings and |
| 2 | flow off. | 2 | discussions with the grading that the high water |
| 3 | I don't like necessarily the | 3 | level could be lowered, and it would make sense, |
| 4 | three-inch or the smaller restrictors. In many | 4 | I think we would certainly, we would certainly |
| 07:37РМ 5 | cases we will go put those in a pipe down into a | 07:40PM 5 | support that. |
| 6 | structure that's very difficult to clean because | 6 | Again, we would be requiring the |
| 7 | quite frankly the detention pond fills up | 7 | construction of this to be overseen and |
| 8 | because it is clogged. Then you have all that | 8 | certified by a geotechnical engineer so that |
| 9 | pressure against it, it is hard to maintain. | 9 | theoretically we would not be having a breach of |
| 07:38PM 10 | The newer types of structures are a | 07:40PM 10 | that. |
| 11 | little easier to maintain. I think I would feel | 11 | We request a conservative approach |
| 12 | pretty comfortable with a three-inch. | 12 | should be used in establishing the required |
| 13 14 | COMMISSIONER EHRLE: The first question | 13 14 | detention. The way the engineer designed for the stormwater, he took the impervious surface |
| 07:38PM 15 | was, and I lived with two-inch pipe. The other | 07:41PM 15 | and has used these building pads as the |
| 07:38PM 15 | question was, what inch pipe did Harke have compared to | 07:41PM 13 | calculation along with driveway allowance and |
| 17 | CHAIRPERSON BUSH: H-a-r-k-e. | 17 | sidewalk allowance, the street area. It's a |
| 18 | MR. BURMEISTER: I don't know. | 18 | very typical approach. |
| 19 | Comment Number 10, is there access, | 19 | Dick Derosiers, who is with Baxter |
| 07:38PM 20 | comment on the access and structure, we looked | 07:41PM 20 | and Woodman and is our consulting engineer, had |
| 07:38PM 20 | at these more in preliminary engineering. | 07:41PM 20 | looked at the original calculations and |
| 22 | We would require the dual top for | 22 | concurred with them. I think we can certainly |
| 23 | ease of maintenance and we would deal with that | 23 | have another discussion with them on that. |
| 24 | in final engineering. | 24 | There is an alternative to the type |

| 1 | | 1 | |
| 1 | of treatment that as you are aware, there is | 2 | a wrap-up then with what Dennis has pointed out |
| 2 | always an emergency overflow for the detention | 3 | is that the concern that has been raised is |
| 3 4 | pond in the event all of those restrictors get | 4 | relative to stormwater and largely with how the |
| 1 - | clogged and we have the rain event to fill the | l _ | site drains. And when public works and our |
| 07:42PM 5 | pond over capacity and it has to run over land. | 07:44PM 5 | engineering consultant looked at the property, |
| 6 | The petitioner had proposed rip-rap. The | 6 | that they felt comfortable that's conceptually |
| 7 | Garlands is looking for something other than | 7 | sound, are there things that we can do or work |
| 8 | that, and we can certainly ask the petitioner or | 8 | with the petitioner to make it a better |
| 9 | Garlands to suggest or look at alternatives | 9 | situation, and I think that's what in our |
| 07:42PM 10 | there. | 07:44PM 10 | condition number 4, that we are asking is if |
| 11 | There was a comment, final comment | 11 | retaining walls would be able to allow the |
| 12 | would be then that this type of wet basin pond | 12 | lessening of some of the grades on the property |
| 13 | in Garlands' opinion is susceptible to a | 13 | and help manage a better stormwater system, then |
| 14 | breeding ground for mosquitos. And in meeting | 14 | that's one of the requirements, that we are |
| 07:42PM 15 | the water quality elements of the ordinance it's | 07:44PM 15 | going to ask that the petitioner install some of |
| 16 | very typical that we use these wet basin ponds, | 16 | these to make it a better plan. |
| 17 | and so it's a little trade off there. I'm not | 17 | And because of that what we are |
| 18 | sure how to comment other than that. | 18 | saying is this determination we are asking this |
| 19 | That would I guess go through those | 19 | determination were retaining walls and a |
| 07:43РМ 20 | comments and I would certainly answer any other | 07:45PM 20 | drainage system be made prior to Village Board |
| 21 | questions if there are any. | 21 | review of it. |
| 22 | CHAIRPERSON BUSH: Do you have any | 22 | So as far as the stormwater issues |
| 23 | questions? | 23 | that's one of the things that we will again meet |
| 24 | COMMISSIONER SCHLOSSBERG: I should have | 24 | soon and meet with them and make sure that is |

COMMISSIONER SCHLOSSBERG: But we don't have any drainage problems? MR. MATTHEWS: That's not that I have seen recently or that I ever recall. COMMISSIONER SCHLOSSBERG: The grading is messed with MR. SIDDIQUI: The ground is higher than ours. COMMISSIONER SCHLOSSBERG: I haven't seen it. CHAIRPERSON BUSH: Any other questions? | 2 3 4 07:45PM 5 6 7 8 9 07:45PM 10 11 12 13 14 07:45PM 15 16 17 18 19 07:46PM 20 21 22 23 | there any, is there a need for retaining walls; and if there is, we ask that they put that in. CHAIRPERSON BUSH: Can the geotechnical engineering make that determination? MR. EVANS: That's generally a condition like a building permit that we can say it requires, that we require a geotechnical engineer to review it. CHAIRPERSON BUSH: That's going to be for the whole subdivision one time now, it's not on a lot-by-lot basis? MR. EVANS: An overall grading plan. MR. BURMEISTER: It is a consideration, and I think what we are here to tell you is that we haven't determined at this point what we believe would be the best option for grading on this site. It could be, and I guess if you know the Eastwood Subdivision that is right down the street, the first lot here is kind of carved into the hill a little bit and so has retaining walls on the very south side as well as the east and west, and so it's snuggled in. And whether that was the situation that we all determined to |
| 2 3 4 07:43PM 5 6 7 8 9 07:43PM 10 11 12 13 14 07:43PM 15 16 17 18 19 07:44PM 20 21 22 | driven by it today, but I looked at the plat. What is the property west of it? It is not subdivided, that open space. Do we have any drainage issues there? MR. MATTHEWS: To the west of it, I believe there is one home on this property and there is another piece of property with a home, and then it's the cemetery. COMMISSIONER SCHLOSSBERG: But there are two residential big open MR. BURMEISTER: They are set probably more closer to the street is my recollection. COMMISSIONER SCHLOSSBERG: But we don't have any drainage problems? MR. MATTHEWS: That's not that I have seen recently or that I ever recall. COMMISSIONER SCHLOSSBERG: The grading is messed with MR. SIDDIQUI: The ground is higher than ours. COMMISSIONER SCHLOSSBERG: I haven't seen it. CHAIRPERSON BUSH: Any other questions? MR. EVANS: I just wanted to sort of, as | 2 3 4 07:45PM 5 6 7 8 9 07:45PM 10 11 12 13 14 07:45PM 15 16 17 18 19 07:46PM 20 21 22 | there any, is there a need for retaining walls; and if there is, we ask that they put that in. | | 37 | | 39 |
|-------------------|--|-------------------|---|
| 1 | coming down, perhaps a wall along this side | 1 | come into the detention pond. |
| 2 | (indicating) may after our discussion be the | 2 | So removal of the summit might not |
| 3 | most appropriate. | 3 | necessarily be something we would want to look |
| 4 | I think when I talk to Dick | 4 | at. |
| 07:46PM 5 | Derosiers, our consulting engineer, and kind of | 07:49PM 5 | The slope of the street is, I want |
| 6 | wanted to get his feel for a typical Planning | 6 | to say it is 5.27 percent, my recollection. I |
| 7 | Commission approval, there is his note to me or | 7 | did look at some other subdivisions that were |
| 8 | his comment to me was it should be noted that | 8 | recently put in. And a full size farm |
| 9 | there may be retaining walls on the site, that | 9 | subdivision has an 8 percent slope on that |
| 07:46PM 10 | if our determination that would be the best | 07:49РМ 10 | street. So if you have been out to that and |
| 11 | route to go, then you may see common types of | 11 | looked at it and sometimes that's the best way |
| 12 | retaining walls. | 12 | for me to see what it's going to look like, to |
| 13 | CHAIRPERSON BUSH: And who is making | 13 | go look at something that has something like |
| 14 | that determination, staff? | 14 | that; could the slope of this be increased, I |
| 07:47PM 15 | MR. EVANS: The Village. | 07:49РМ 15 | think it could; could be looked at, certainly |
| 16 | MR. BURMEISTER: It would be the | 16 | affects everything else because then it affects |
| 17 | Village's ultimate approval of that. | 17 | elevations into the homes, the driveway, the |
| 18 | COMMISSIONER BURROUGHS: By retaining | 18 | slopes of the driveways, so it's not always just |
| 19 | walls you mean for the general site or for | 19 | a simple thing of lower the road two feet, |
| 07:47PM 20 | individual homes when they are built, could then | 07:50PM 20 | everything is fine; because now we could have |
| 21 | create retaining walls? | 21 | 10 percent pitches on the driveways and that may |
| 22 | MR. BURMEISTER: We would prefer to at | 22 | not be a good thing either. |
| 23 | least approach it by looking at it from an | 23 | COMMISSIONER SCHLOSSBERG: Can I ask a |
| 24 | overall site, that way we as public works and | 24 | question about the grading and retention walls, |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 38 | | 40 |
| 1 | building and planning are not reviewing every | 1 | I think it is to you, I just want to make sure I |
| 2 | single lot as it comes in for building permit | 2 | have got no problem with that. It says, "The |
| 3 | and the grading permit and how does this affect | 3 | petitioner shall be required to install |
| 4 | this one and if this comes in first, and he | 4 | retaining walls or other grading techniques |
| 07:47PM 5 | wants to flatten his out and he puts, it could | 07:50PM 5 | within an easement on the property." |
| 6 | really affect either up or down and we prefer to | 6 | MR. EVANS: Yes, if we have a retaining |
| 7 | have the whole site grading be set before final | 7 | wall, we want to make sure it is an easement so |
| 8 | engineering approval. | 8 | the association is |
| 9 | COMMISSIONER EHRLE: The first question | 9 | COMMISSIONER SCHLOSSBERG: It will be in |
| 07:48PM 10 | on your letter was about the road and | 07:50PM 10 | the CCRC's, it is not an easement to the |
| 11 12 | technically vertical curve, that issue has been resolved? | 11 12 | Village, it is an easement to the MR. EVANS: (Continuing.) the |
| 13 | | 13 | association would maintain. |
| 14 | MR. BURMEISTER: And I guess I should have expounded on that comment. It was fairly | 14 | COMMISSIONER SCHLOSSBERG: And we |
| 07:48PM 15 | lengthy, I overlooked that. I apologize. | 07:50PM 15 | require that the CCRC's |
| 16 | Garlands has suggested that perhaps | 16 | MR. EVANS: Correct. |
| 17 | this road could be lowered. And while we don't | 17 | Number 2, "shall cover all |
| 18 | disagree with that, there is a summit installed | 18 | easements and the maintenance of all common |
| 19 | here really on purpose and that's to, as our | 19 | areas." |
| 07:48PM 20 | traffic engineer pointed out to us in his review | 07:50PM 20 | COMMISSIONER SCHLOSSBERG: Not in, |
| 07:48PM 20 | of these comments, that stormwater coming down | 21 | okay. |
| 22 | Lake-Cook wouldn't then find its way down the | 22 | CHAIRPERSON BUSH: Any other questions |
| 23 | road so that summit can be installed to keep the | 23 | for staff? |
| 24 | water flowing on Lake-Cook. That way it doesn't | 24 | COMMISSIONER EHRLE: You mentioned the |

|--|---|--|---|
| 1 | approved impact fee. What is the formula? | 1 | MR. EVANS: There is one street line |
| 2 | MR. EVANS: Impact fees? | 2 | proposed on this property that's shown on the |
| 3 | COMMISSIONER EHRLE: Yes. | 3 | plans and it is just shown at the corner, so |
| 4 | MR. EVANS: We have had that set for, we | 4 | CHAIRPERSON BUSH: The actual final |
| 07:51PM 5 | amended it in 2004. But this is through BACOG | 07:53PM 5 | drainage is still up in the air so we won't |
| 6 | and all the villages got together and basically | 6 | really we don't really see what it is going |
| 7 | agreed on a formula throughout. They are the | 7 | to be yet. |
| 8 | same fees that we use for Harke right now; I | 8 | MR. BURMEISTER: As far as its flow |
| 9 | have those in the office as far as the amount. | 9 | characteristics, I would say yes. As far as the |
| 07:51PM 10 | It's somewhere in the range of, I would say 15, | 07:54PM 10 | requirements, they have a basin and capture the |
| 11 | \$16,000 a lot with majority of that 8,000 going | 11 | stormwater, that's not going to change, but |
| 12 | to the School District. | 12 | perhaps not having water flowing quite as much |
| 13 | COMMISSIONER EHRLE: What is the maximum | 13 | as it is between the homes, having as much a |
| 14 | size, building size? | 14 | swale. |
| 07:51PM 15 | MR. EVANS: The maximum coverage on | 07:54PM 15 | COMMISSIONER BURROUGHS: My concern, I'm |
| 16 | these lots is 3,500, so that's the maximum the | 16 | surprised all that water flowing along that west |
| 17 | floor plate could be, and the maximum overall is | 17 | side sort of getting moved around and stuff and |
| 18 | 5,000 square feet. But in these lots it's going | 18 | those two inlets I guess are supposed to catch |
| 19 | to have some other limiting factors, the | 19 | that water going downhill and how well will they |
| 07:52PM 20 | setbacks, the height limitations on it, are | 07:54PM 20 | actually catch it, and there was already made a |
| 21 | going to be two factors that are going to limit | 21 | comment on that could the street overflow, and |
| 22 | how much, how much house can be put on these | 22 | there is a pretty good drop off; as far as I can |
| 23 | properties. | 23 | tell right at that northwest corner it drops |
| 24 | COMMISSIONER EHRLE: So we haven't | 24 | five or six feet, boom. It didn't really show |

| | 45 | | 47 |
|--|--|--|--|
| 1 | MR. SIDDIQUI: This is the soil we have, | 1 | okay, you can't have a two-story house. |
| 2 | there is a swale here, it is just on a smooth | 2 | MR. EVANS: We have talked to the |
| 3 | runoff coming from the surface here. And you | 3 | petitioner about that. |
| 4 | can see these, the cross section at different | 4 | MR. SIDDIQUI: The two lots, the |
| 07:56PM 5 | points they accommodate the, even in the hundred | 07:58PM 5 | situation we have and we are going to look at |
| 6 | year course they're wide enough to accommodate | 6 | the grades on that, and we did discuss with Paul |
| 7 | the drain and we have hopefully down the road in | 7 | about that. |
| 8 | the next week or so in our meeting if need be I | 8 | COMMISSIONER BURROUGHS: Okay. You |
| 9 | was proposing that we go ahead and add an inlet | 9 | don't have any in our codes just as much problem |
| 07:56PM 10 | in between here to minimize the surface runoff. | 07:58PM 10 | as elsewhere because you don't have a rule |
| 11 | That can be done. | 11 | about |
| 12 | COMMISSIONER BURROUGHS: There wasn't | 12 | MR. EVANS: The walkout, where is the |
| 13 | much to catch it. Because that is just a flow | 13 | grade. |
| 14 | right downhill there. | 14 | COMMISSIONER SCHLOSSBERG: My grade is |
| 07:56PM 15 | MR. BURMEISTER: It is hard to see the | 07:58РМ 15 | pre-existing grade. |
| 16 | underlying grading right now. But typically | 16 | MR. EVANS: We count the floor area, the |
| 17 | this site is kind of draining to this area right | 17 | basement walkout area gives them that |
| 18 | now. It is falling off to that area. | 18 | COMMISSIONER BURROUGHS: I have seen |
| 19 | COMMISSIONER BURROUGHS: So you have | 19 | that so many times in houses maximum heights, |
| 07:57PM 20 | done some substantial grade changes on that west | 07:58PM 20 | but they don't tell you about anything, that |
| 21 | side | 21 | lots have topography going all over the place, |
| 22 | MR. BURMEISTER: Right, and that's why | 22 | and where is the real grade you are measuring |
| 23 | we think we would like to meet with the | 23 | from, and one-story houses on lots because they |
| 24 | petitioner and consulting engineer to look at | 24 | have a walkout in the back. |

|--|--|--|--|
| 1 | made them adjust the grade. Do we have to | 1 | ways. I agree with you if you had some site |
| 2 | discuss that now or discuss it nine, ten months | 2 | that had dips to it, level it all out, that's |
| 3 | from now when they bring that house in or they | 3 | fine. Other times people are going to fill |
| 4 | are making commitments to you upfront? | 4 | their property |
| 08:00PM 5 | MR. SIDDIQUI: When we have our meeting | 08:02PM 5 | COMMISSIONER SCHLOSSBERG: That happens |
| 6 | the following week, this week, or the following | 6 | too. We don't want a mound. |
| 7 | week we will be adjusting the grade based on | 7 | COMMISSIONER BURROUGHS: Set up as |
| 8 | obviously taking into consideration what the | 8 | ready-to-build homes, then they have someone |
| 9 | Garlands is recommending what they would like to | 9 | come in and has to change the grade that I want |
| 08:00PM 10 | see in that area. Obviously we would use that | 08:02PM 10 | to see, we want to limit. Consider a ravine |
| 11 | as our starting point because everything else | 11 | there filled in with 12 feet of dirt to say now |
| 12 | might affect. If we accommodate what they are | 12 | that 12-foot hole in the ground that he has to |
| 13 | asking us to do; and if we can do so, as long as | 13 | start from really be restrictive. |
| 14 | we are not impacting the rest of the site, we | 14 | MR. EVANS: I think that could be an |
| 08:00РМ 15 | will be glad to adjust. | 08:02РМ 15 | issue. There's times that you are right, that |
| 16 | So as Dennis pointed out, we will | 16 | present a problem. Its main intent was to stop |
| 17 | take it on a lot-by-lot basis and we don't | 17 | people from building a home and then building |
| 18 | have but we don't have this three feet of | 18 | the for whatever reason and to |
| 19 | drop in about 100 feet, which is not a whole | 19 | COMMISSIONER SCHLOSSBERG: Do we measure |
| 08:00PM 20 | lot. We are not talking seven or eight feet. | 08:03РМ 20 | from sidewalk? |
| 21 | COMMISSIONER SCHLOSSBERG: You are not | 21 | MR. EVANS: There is a sidewalk on both |
| 22 | going to worry | 22 | sides. |
| 23 | MR. SIDDIQUI: Absolutely we can adjust | 23 | COMMISSIONER BURROUGHS: I have done it |
| 24 | that. We can address their concern of this | 24 | enough times that all is slightly different and |

| 1 | to speak next. And I'm going to ask the | 1 | on a lot of details including size of |
| 2 | Garlands to speak next because I think we need | 2 | landscaping, et cetera, some of our comments |
| 3 | to address their issues. | 3 | tonight will relate to some of those same |
| 4 | MR. HAYWARD: Tom Hayward. I'm the | 4 | standards that we worked so long and hard with |
| 08:04PM 5 | attorney with the firm of Bell, Boyd & Lloyd, 70 | 08:06PM 5 | this Commission to establish. |
| 6 | West Madison Street, Chicago, Illinois. | 6 | So with that, Ed, would you |
| 7 | From the start as you may note we | 7 | provide |
| 8 | have been counsel for the Garlands residential | 8 | MR. GANSZ: Madam, Ed Gansz, G-a-n-s-z, |
| 9 | community to the north of the petitioner's | 9 | vice president of development. |
| 08:04PM 10 | property. We have been working back since they | 08:07PM 10 | As Tom Hayward just indicated, I |
| 11 | acquired the property, put it under contract | 11 | just want to touch on a couple things, and I |
| 12 | with the petitioner. They have accommodated a | 12 | think what is important for everyone here is to |
| 13 | number of our concerns as you have heard. | 13 | understand the historic perspective, some of my |
| 14 | Going back to November 30th we had | 14 | comments. Let me try and start, very simply I |
| 08:04РМ 15 | an opportunity Ed Gansz, our vice president | 08:08PM 15 | would apologize and see if you can follow with |
| 16 | for development, who is here this evening and | 16 | me. |
| 17 | has been sworn, and along with Don Matthews with | 17 | What I have shown here is in fact |
| 18 | Gewalt Hamilton, our consulting engineer; also | 18 | the actual floor plan of the villas that are |
| 19 | with me is Tom Herb, President of the Garlands | 19 | going to be built along the southern part of our |
| 08:05PM 20 | of Barrington; our November 30th letter started | 08:08PM 20 | property, each structure has two of these units, |
| 21 | a lot of some of the detailed discussion. | 21 | (indicating), and what you are looking at is, |
| 22 | After we had an opportunity to | 22 | this is the south side of every unit we are |
| 23 | review Paul's staff memorandum, Ed had also had | 23 | going to build and there are six of those |
| 24 | an opportunity to review the petitioner's | 24 | structures. |

|-------------------|---|-------------------|---|
| _ | 57 | | 59 |
| 1 | Garlands, and the point we are at today is those | 1 | homeowners at Eastwood for their review, their |
| 2 | residences that we are concerned about lines of | 2 | comment; and if we could embrace changes that |
| 3 | sight, we are concerned about light coming into | 3 | they were going to make, we did. In fact we |
| 4 | the yards. We are concerned about landscape | 4 | moved trees. We want the same opportunity to do |
| 08:10PM 5 | plans on the common property lines. We are | 08:13PM 5 | that with Hamilton Homes. And again, I think |
| 6 | concerned about overland flows. We are here | 6 | Aziz commented to that. |
| 7 | tonight to emphasize those same things. | 7 | Lets talk about the mix of trees. |
| 8 | There was a precedent set by the | 8 | We talked about four conifers along that line, |
| 9 | Village for then the Garlands as petitioner to | 9 | all four inches in diameter, seven feet in |
| 08:10PM 10 | respond to those issues, which we embraced. | 08:13PM 10 | height. Now, if you look at our plan, and this |
| 11 | There were eight pages in that ordinance | 11 | is the proposed and existing plan, you look at |
| 12 | dedicated to tree preservation and landscaping, | 12 | what we have planted all along this line, and |
| 13 | and I want to deal with just some particulars. | 13 | they are not four inches and they are not seven |
| 14 | As you see by the staff report it | 14 | feet. They are double that in diameter and they |
| 08:11PM 15 | talks about how 118 trees, okay, 13 of which | 08:14PM 15 | are at least ten feet in height. |
| 16 | were significant, have been dealt with. You | 16 | Now, let me qualify, they have been |
| 17 | talked about an impact fee, which is | 17 | in for some years and they have grown. But, the |
| 18 | appropriate, we are subjected to that impact | 18 | Village asked us and we complied with bench |
| 19 | fee. | 19 | plantings along this common property line. |
| 08:11PM 20 | Now the question we want to pose to | 08:14PM 20 | Now, what we are concerned about is |
| 21 | you in this regard, and we have not seen the | 21 | Hamilton Homes pulled out deciduous trees, which |
| 22 | actual inventories, yes, there are key trees, | 22 | is terrific, again all four inches, we are not |
| 23 | yes, there are significant trees; but there is | 23 | impressed with the size of the trees, come back |
| 24 | also another major category called other trees. | 24 | to my opening comments about line of sight, and |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 58 | | 60 |
| 1 | Now the basis for these three | 1 | the master bedroom and the master bath and the |
| 2 | categories are in fact the diameter of that | 2 | great room, and all these trees with the |
| 3 | tree, for example I think key trees are | 3 | exception of four conifers lose their leaves in |
| 4 | something north of 24 inches in diameter. | 4 | winter, that's not acceptable to us. |
| 08:11PM 5 | Significant or less so, but in our ordinance the | 08:14PM 5 | If you read the original ordinance |
| 6 | other category, which is not addressed anywhere | 6 | in 1998, in the ordinance it talks about the |
| 7 | in the staff report, nor by the petitioner, | 7 | size and the mix of the trees that we had to |
| 8 | okay, what we had to do was replace other trees | 8 | plant. It starts out at four inches and certain |
| 9 | on a one inch to one-inch basis. | 9 | categories, it goes eight to ten inches and |
| 08:12PM 10 | Now, I'm not suggesting that our | 08:15PM 10 | there was a percentage assigned to each one of |
| 11 | 31 acres had overwhelming issues associated with | 11 | those, evergreens, deciduous, ornamental trees, |
| 12 | caliper issues one to one. But in our context | 12 | et cetera. |
| 13 | we had to replace other trees with 3,562 | 13 | And that appears in that eight |
| 14 | calipers, all we want to question here is where | 14 | pages in our ordinance. We would like to see a |
| 08:12PM 15 | is the caliper or that relationship of other | 08:15PM 15 | response by Hamilton Homes in kind with a plan |
| 16 | trees on this site? We don't see it anywhere. | 16 | that we will review and comment upon. |
| 17 | We see key trees, we see significant trees, we | 17 | Again, if you are getting the sense |
| 18 | see nothing else. That's one issue for us. | 18 | that we are looking for a level playing field, |
| 19 | Next issue in working with Glendale | 19 | that's exactly what we are looking for, a level |
| 08:12PM 20 | on the east, and I think Aziz commented about | 08:15PM 20 | playing field. Again, the concept was |
| 21 | this, but I want to get it on the record and I | 21 | established in 1998. We complied, because of |
| 22 | | 22 | our concern and the Village's concern, neighbor |
| | want to make sure this happens. | | |
| 23 | We had to present our plan, | 23 | to neighbor, and we expect that Hamilton Homes |
| | We had to present our plan, landscape plan to each and every one of these | 23 24 | to neighbor, and we expect that Hamilton Homes will respond neighbor to neighbor. |
| 23 | We had to present our plan, | | to neighbor, and we expect that Hamilton Homes |

| | 61 | | 63 |
|--|---|--|--|
| 1 | Let me jump off our concerns for | 1 | I mean, I don't think that we bring every |
| 2 | the landscape plans, which I try to elaborate. | 2 | single-family home to ARC; that's not the case |
| 3 | We applaud what the Village is doing with the | 3 | if he was proposing a whole subdivision or a |
| 4 | coach lights. | 4 | style of homes, we would review that. Now it is |
| 08:16РМ 5 | Our other concerns are, and maybe | 08:18PM 5 | going to come in on a case-by-case basis. And |
| 6 | this has to do with the covenants for each | 6 | what staff has indicated is that we are going to |
| 7 | homeowner, and Don is going to comment on things | 7 | put a monotony code which we would do with, if |
| 8 | like we want to know about the ability of the | 8 | he did present homes today, we would have put |
| 9 | homeowner to put up the lights, to put up | 9 | that in that the homes can't be the same type. |
| 08:16PM 10 | security lights, to put up accent lights; our | 08:18PM 10 | So that's about all we do with single-family |
| 11 | view is, there is only one light that should go | 11 | homes. |
| 12 | on these, other than the light in the corner and | 12 | MR. GANSZ: That's just on my portion. |
| 13 | that is the carriage light, no other lights do | 13 | I'm going to turn it over to Don. I want to |
| 14 | we want looking downhill at us into a master | 14 | recap. We have, as you can tell, significant |
| 08:16PM 15 | bedroom or master bath or the great room. | 08:19PM 15 | concerns and Don is going to talk about the |
| 16 | Now, part of our ordinance, and | 16 | overland flow issues that were touched on by |
| 17 | this has little application here was, we had to | 17 | Dennis and you, but we have significant concerns |
| 18 | meet the test of how many candle, footcandles on | 18 | with this landscape plan. |
| 19 | street lights into, back to the Eastwood | 19 | MR. EVANS: Ed, if I could, the only |
| 08:16PM 20 | Subdivision as you recall, and we did meet that. | 08:19PM 20 | question I want to ask, you have sent us several |
| 21 | So if you add these things up, they are in terms | 21 | letters, but this is the first time I have ever |
| 22 | of screening, our concerns. | 22 | heard these concerns. I know you said you are |
| 23 | Let me carry it one step further. | 23 | interested in screening; this is the first time |
| 24 | There was a comment by Dennis I recall earlier | 24 | I have heard you say about the types of trees |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 62 | | (847) 415-2553 |
| 1 | rip-rap in that same ordinance. It talks about | 1 | they planted, the landscaping isn't quite right, |
| 2 | there is overland flows and what the Village | 2 | the others about the lighting issues and things |
| 3 | required of the Garland, it didn't require | 3 | like that; I mean, those are things if you had |
| 4 | rip-rap, it required grass or other vegetation. | 4 | those concerns, that we would obviously have |
| 08:17PM 5 | | | looked at that or looked into it more, but this |
| 6 | here. | 6 | is the first that I have heard. |
| 7 | Let me move off of this and make a | 7 | The other difference is, and I |
| 8 | general comment. Nowhere in the staff report | 8 | think you have to look at, is that Garlands |
| 9 | does it talk about appearance review for these | 9 | obviously is a little different development, its |
| 08:17PM 10 | homes. I didn't see it and you can correct | 08:19PM 10 | zoning is different and the size of the |
| 11 | me | 11 | development, the number of units, I think there |
| 12 | MR. EVANS: Right, they, they are not | 12 | was a change in the comprehensive plan in the |
| 13 | proposing homes as part of this. They initially | 13 | zoning, this one is consistent with the zoning |
| 14 | | 14 | |
| 4- | did and they pulled that back. They are only | '- | and the land use that the Village has put forth |
| 08:17PM 15 | did and they pulled that back. They are only proposing the lots. | 08:20PM 15 | and the land use that the Village has put forth on the plan. |
| 08:17PM 15 | proposing the lots. MR. GANSZ: Only proposing lots. | | |
| | proposing the lots. MR. GANSZ: Only proposing lots. We have a question once it goes | 08:20PM 15 | on the plan. MR. GANSZ: I would beg to differ on the last point and let me tell you why, we are |
| 16 17 18 | proposing the lots. MR. GANSZ: Only proposing lots. We have a question once it goes beyond this, okay, what happens in terms of | 08:20PM 15 16 17 18 | on the plan. MR. GANSZ: I would beg to differ on the last point and let me tell you why, we are talking resident to resident to |
| 16 17 18 19 | proposing the lots. MR. GANSZ: Only proposing lots. We have a question once it goes beyond this, okay, what happens in terms of appearance review? It's a future question I | 08:20PM 15 16 17 18 19 | on the plan. MR. GANSZ: I would beg to differ on the last point and let me tell you why, we are talking resident to resident to resident to resident to resident in |
| 16 17 18 19 08:18PM 20 | proposing the lots. MR. GANSZ: Only proposing lots. We have a question once it goes beyond this, okay, what happens in terms of appearance review? It's a future question I wanted to bring it to your attention. | 08:20PM 15 16 17 18 19 08:20PM 20 | on the plan. MR. GANSZ: I would beg to differ on the last point and let me tell you why, we are talking resident to resident to resident to resident to resident to resident and that comes forward in any number of paragraphs of language in the |
| 16 17 18 19 08:18PM 20 21 | proposing the lots. MR. GANSZ: Only proposing lots. We have a question once it goes beyond this, okay, what happens in terms of appearance review? |--|--|--|---|
| 1 | having been there, was there was significant | 1 | held back by soil that's placed along the |
| 2 | time spent on resident-to-resident issues, the | 2 | property line. So anything that can be done to |
| 3 | issues that I bring up to you relative to these | 3 | lower that portion of the site is desirable from |
| 4 | other, recognize the reason it didn't appear was | 4 | our standpoint, from an esthetic standpoint, and |
| 08:21PM 5 | because I was reviewing all the landscape tree | 08:23PM 5 | from a safety standpoint in dropping the high |
| 6 | preservation plans, and all we are suggesting | 6 | water level of that detention basin lower than |
| 7 | is, whether you agree that a precedent was set | 7 | the first floor levels of our buildings as well |
| 8 | in 1998, a protocol was set neighbor to | 8 | as lowering it so that there isn't reliance upon |
| 9 | neighbor, resident to resident, and all we are | 9 | engineering fill be placed here and relying upon |
| 08:21PM 10 | suggesting to this Board and to the Village is | 08:24PM 10 | the native soils that are there already to |
| 11 | distinct consideration be given to that because | 11 | basically digging a hole making the pond as |
| 12 | neighbor to neighbor it was good Village policy | 12 | opposed to building a berm and holding back that |
| 13 | and remains good Village policy today and is not | 13 | stormwater. |
| 14 | to be deserted. | 14 | There was some talk about exactly |
| 08:21PM 15 | I want to turn it over to my | 08:24PM 15 | how high is the roof going to be. And this is |
| 16 | colleague, Don Matthews from Gewalt Hamilton. | 16 | the reason why we have asked in the letter that |
| 17 | Thank you ladies and gentlemen. | 17 | cross sections be provided for us so that would |
| 18 | MR. MATTHEWS: Don Matthews, civil | 18 | really define the relationship of the first |
| 19 | engineer with Gewalt Hamilton. I want to be | 19 | floors of our buildings, the first floor of |
| 08:22PM 20 | brief tonight. I just want to accentuate a | 08:24PM 20 | their buildings, what will be walkout basements, |
| 21 | couple of points I made in a letter. In order | 21 | what will be English basements, how many stories |
| 22 | to do that I want to do a little overview and | 22 | above the first floor their buildings will be, |
| 23 | that has to do with the grading. | 23 | will it be a ranch or a two story; so having |
| 24 | The homes on Hamilton Homes that | 24 | those cross sections I think is paramount to |

| | 73 | | 75 |
|--|---|--|---|
| 1 | you don't agree with, something that you don't | 1 | comments. If they want a certain height of a |
| 2 | like it, please let us know what you would like | 2 | building, we would like to see, we would like to |
| 3 | in lieu of what we have proposed there. So that | 3 | examine that, we would examine that with our |
| 4 | issue of landscaping can be solved. I don't see | 4 | engineer and engineer of the Village and if that |
| 08:31PM 5 | a problem there, in terms of maybe some of the | 08:33PM 5 | is acceptable to us, we absolutely have no |
| 6 | plant material in providing better screen for | 6 | problem in providing that. I just wanted to |
| 7 | the villas. | 7 | reiterate that. |
| 8 | Number 2, the elevation of this | 8 | CHAIRPERSON BUSH: Other members of the |
| 9 | high water level that they prefer to see lower, | 9 | public, if anyone would like to address us, |
| 08:31PM 10 | I discussed with my engineer on that today | 08:33PM 10 | raise your hand and lets have you come up and |
| 11 | before I came to this meeting, we certainly can | 11 | talk, Mr. Burdette? |
| 12 | lower it, high water levels, we can go down | 12 | MR. BURDETTE: Dave Burdette. I'm an |
| 13 | about six inches to a foot from what is | 13 | ordinary citizen |
| 14 | proposed, provided acceptable to the Village | 14 | CHAIRPERSON BUSH: Used to be a Village |
| 08:31PM 15 | engineer and if they would accept that. But | 08:33PM 15 | Trustee. |
| 16 | these are some of the things that we will be | 16 | MR. BURDETTE: (Continuing.) 612 East |
| 17 | discussing with Dennis, their engineer, our | 17 | Main Street. And I trust that you all had |
| 18 | engineer, and with Garlands. Sitting down at | 18 | received the letter that I had sent. |
| 19 | the table we can solve that issue. We can | 19 | CHAIRPERSON BUSH: We did. We are happy |
| 08:31PM 20 | resolve it in terms of the landscaping which I | 08:33PM 20 | to receive that into evidence. |
| 21 | already indicated this morning. | 21 | MR. BURDETTE: I would like to mention |
| 22 | In regards to the slope of the | 22 | the comments that I had by the way I think |
| 23 | street, as a developer, one of the prime | 23 | the development is very very nice. I think many |
| 24 | concerns, like do they take pride in their work, | 24 | things have been considered. I'm glad to see a |

| | 74 | | |
| 1 | we want to take pride in our work, we don't want | 1 | |
| 1 | we want to take pride in our work, we don't want | 1 2 | sensitivity toward the trees, although there's |
| 2 | to drop the street to satisfy one concern and | 2 | sensitivity toward the trees, although there's some issues over that. But that's important. |
| 3 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. | 3 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three |
| 2 3 4 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these | 2 3 4 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for |
| 2 3 4 08:32PM 5 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb | 3 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that |
| 2 3 4 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it | 2 3 4 08:34PM 5 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of |
| 2 3 4 08:32PM 5 6 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, | 2 3 4 08:34PM 5 6 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main |
| 2 3 4 08:32PM 5 6 7 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it | 2 3 4 08:34PM 5 6 7 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of |
| 2 3 4 08:32PM 5 6 7 8 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer | 2 3 4 08:34PM 5 6 7 8 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just |
| 2 3 4 08:32PM 5 6 7 8 9 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in | 2 3 4 08:34PM 5 6 7 8 9 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways to go around eastbound traffic making a left |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 13 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought up, as you review all the things it affects, the | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways to go around eastbound traffic making a left turn into driveways. This subdivision will make |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 13 14 08:32PM 15 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought up, as you review all the things it affects, the other portion of the development which is the | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 14 08:34PM 15 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways to go around eastbound traffic making a left turn into driveways. This subdivision will make the situation a little bit worse. And so I |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 13 14 08:32PM 15 16 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought up, as you review all the things it affects, the other portion of the development which is the slope of this area, what we would do, first of | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 14 08:34PM 15 16 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways to go around eastbound traffic making a left turn into driveways. This subdivision will make the situation a little bit worse. And so I would just like to bring up that issue. |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 13 14 08:32PM 15 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought up, as you review all the things it affects, the other portion of the development which is the slope of this area, what we would do, first of all try and establish the part of the elevation | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 14 08:34PM 15 16 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways to go around eastbound traffic making a left turn into driveways. This subdivision will make the situation a little bit worse. And so I would just like to bring up that issue. I notice that there was about |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 13 14 08:32PM 15 16 17 18 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought up, as you review all the things it affects, the other portion of the development which is the slope of this area, what we would do, first of all try and establish the part of the elevation and the elevation of this particular house and | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 14 08:34PM 15 16 17 18 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways to go around eastbound traffic making a left turn into driveways. This subdivision will make the situation a little bit worse. And so I would just like to bring up that issue. I notice that there was about \$30,000 that could be spent on trees, so I would |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 13 14 08:32PM 15 16 17 18 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought up, as you review all the things it affects, the other portion of the development which is the slope of this area, what we would do, first of all try and establish the part of the elevation and the elevation of this particular house and address the landscape issue and move forward, | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 14 08:34PM 15 16 17 18 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. There is already a problem of traffic driving off the road and over parkways to go around eastbound traffic making a left turn into driveways. This subdivision will make the situation a little bit worse. And so I would just like to bring up that issue. I notice that there was about \$30,000 that could be spent on trees, so I would ask the tree plantings along the Main Street |
| 2 3 4 08:32PM 5 6 7 8 9 08:32PM 10 11 12 13 14 08:32PM 15 16 17 18 19 08:33PM 20 | to drop the street to satisfy one concern and leave the esthetic of the entire subdivision. The people that are going to be occupying these 11 homes, I want to make sure that the curb appeal is there for that, so but bringing it down another six inches to a foot, personally, from the engineering aspect being an engineer myself, we don't see a problem in doing that, in providing the Garlands with that. Again, it is up to the review of the engineer, if that is acceptable to them, we can lower that. Going back to what Dennis brought up, as you review all the things it affects, the other portion of the development which is the slope of this area, what we would do, first of all try and establish the part of the elevation and the elevation of this particular house and address the landscape issue and move forward, move down south and go one by one on those lots | 2 3 4 08:34PM 5 6 7 8 9 08:34PM 10 11 12 13 14 08:34PM 15 16 17 18 19 08:35PM 20 | sensitivity toward the trees, although there's some issues over that. But that's important. But I would like to make three comments that I had addressed in my letter for everyone here to consider, and those are that improvements to Main Street include extension of curbs and gutters on the south side of Main Street from the current curbs and gutters just west of the intersection of George Street and Main Street on to the intersection of Glendale and Main Street. | | | | 79 |
| 1 | installed, be it the type that shine light down; | 1 | CHAIRPERSON BUSH: Lake and Cook, |
| 2 | similar to the street light that's located at | 2 | exactly. |
| 3 | the north side of the intersection of George and | 3 | COMMISSIONER BURROUGHS: Is there a |
| 4 | Main, rather than out to the side which seems to | 4 | watershed issue? |
| 08:35PM 5 | be the norm on most streets, and those that | 08:37PM 5 | MR. EVANS: I don't know. |
| 6 | shine into your bedrooms and living rooms and so | 6 | MR. BURMEISTER: You are correct. |
| 7 | I ask that that be considered. Thank you very | 7 | That's the reason it's done. |
| 8 | much for your time. | 8 | MR. BURDETTE: If I might make one |
| 9 | CHAIRPERSON BUSH: Thank you, | 9 | comment, there is an awful lot of water that |
| 08:35PM 10 | Mr. Burdette. Mr. Burdette and I sat at many | 08:37PM 10 | flows down the south side and toward Glendale. |
| 11 | meetings next to each other. | 11 | This gets to be a puddle when there is a heavy |
| 12 | Ms. Schlossberg has asked that you | 12 | rain; while it might not be a big watershed |
| 13 | explain number 1. | 13 | issue, there is also a watershed issue on the |
| 14 | COMMISSIONER SCHLOSSBERG: I understand | 14 | south side. |
| 08:36РМ 15 | what you're asking. I'm not sure, is that to | 08:37PM 15 | CHAIRPERSON BUSH: Thank you, |
| 16 | address the, what does that do, discourage the | 16 | Mr. Burdette. |
| 17 | cut-around traffic? | 17 | Other residents, we are happy to |
| 18 | MR. BURDETTE: Improve, extend curbs | 18 | have anybody that has anything to do |
| 19 | down on the north side of the street. Why they | 19 | MS. SHROPSHIRE: Amy Shropshire, |
| 08:36PM 20 | didn't do it on both sides of the street when | 08:38PM 20 | S-h-r-o-p-s-h-i-r-e, and I just have a concern. |
| 21 | they were doing it is a complete mystery to me. | 21 | I don't see any sidewalk on Main Street, on any |
| 22 | But because they didn't, people now just drive | 22 | of these plans and there is an existing sidewalk |
| 23 | | 23 | |
| | up on to the parkways, or drive up in between | 23 | NOW. |
| 24 | the telephone pole and the corner of George | 24 | MR. EVANS: I believe the sidewalk |

|-------------------|---|-------------------|---|
| 1 | our public works department; if anything is | 1 | about, certainly the villas looking out the |
| 2 | damaged, they have to restore it. | 2 | master bedrooms looking out at the homes; and |
| 3 | CHAIRPERSON BUSH: It is there though. | 3 | again daily we'll be in our kitchen, on our |
| 4 | MR. BURMEISTER: It is inside, it's in | 4 | decks, and in our bedrooms looking at what today |
| 08:39PM 5 | there, (indicating), and then the other | 08:42PM 5 | is very scenic woods. What can we expect |
| 6 | sidewalks are going to connect to it, this is | 6 | tomorrow? |
| 7 | the sidewalk. | 7 | CHAIRPERSON BUSH: The developer should |
| 8 | CHAIRPERSON BUSH: We're in the habit of | 8 | have had a neighborhood meeting with all of you. |
| 9 | putting them in, not taking them out. We | 9 | MR. SIDDIQUI: We did. |
| 08:39PM 10 | certainly make as a condition that the sidewalk | 08:42PM 10 | CHAIRPERSON BUSH: Were you at a |
| 11 | be maintained because we know that there are a | 11 | neighborhood meeting? |
| 12 | lot of walkers on Main Street as well. | 12 | MR. MARLOW: I was not aware. |
| 13 | Other resident comments, citizen | 13 | MR. SIDDIQUI: We mailed out to |
| 14 | comments yes, your name and address? | 14 | everybody. |
| 08:40PM 15 | MR. MARLOW: Clint Marlow. I live at | 08:42PM 15 | MR. MARLOW: I don't dispute that. |
| 16 17 | 106 North Glendale, and though appreciating the sides of our neighbors, the Garlands, I don't | 16 17 | MR. SIDDIQUI: Just to answer your question, these buildings that we are proposing |
| 18 | hear a lot of conversation around the impact | 18 | will be approximately 45 feet deep if you |
| 19 | both esthetically and from a water runoff for | 19 | recall these lots are approximately 155, |
| 08:40PM 20 | those homes on Glendale. What do we expect | 08:42PM 20 | 160 feet deep, so from the front of the |
| 08.40PW 23 | esthetically to those homes and what do we | 08.42FM 20 | property, setbacks are 30 feet, so roughly |
| 22 | predict from a runoff impact? | 22 | around 75 feet maximum if that building were to |
| 23 | CHAIRPERSON BUSH: Dennis, do you want | 23 | be built on these lots, there will be from our |
| 24 | to talk about the runoff impact? | 24 | property to the back of the building there would |

| | 82 | | 84 |
| 1 | MR. BURMEISTER: Let me take this plan | 1 | be approximately 85 feet of setback and then |
| 2 | here. They have got a similar on the east side | 2 | what other setback you have so between the |
| 3 | here, which is a swale which again has been | 3 | buildings, I don't know exactly what the depths |
| 4 | designed to carry what would be determined the | 4 | of your back yard are, but I'm assuming there is |
| 08:40PM 5 | 100-year rain event, so that's the very large | _ | 55 to 50 feet or 45 feet of backyard from the |
| 6 | rain event so that it doesn't go off property | 6 | back of your house to the property line. There |
| 7 | towards the Glendale, so it is all to be | 7 | will be a separation of about approximately |
| 8 | contained within the property here (indicating), | 8 | 150 feet building to building, so to speak. |
| 9 | and then go down to the pond yes, they do have storm sewer inlets proposed that would pick | 9 | CHAIRPERSON BUSH: Then you do put |
| 08:41PM 10 11 | up the stormwater, convey it in a pipe. | 08:43PM 10 | landscaping along MR. SIDDIQUI: We do put landscaping |
| 12 | And in the event the pipe was | 12 | even though some of these trees are going to be |
| 13 | unable to handle it, or the inlets were clogged, | 13 | removed, but we will try our best to preserve as |
| 14 | it will run over land to the detention pond. So | 14 | many as we can in building the house. We will |
| 08:41PM 15 | theoretically should not sheet off the site. It | 08:43PM 15 | try and protect and we will make sure that we |
| 16 | could actually cut in swale, there is some sheet | 16 | keep the public works in the loop as we make |
| 17 | drainage out there now. It is fairly flat, they | 17 | progress on them. |
| 18 | have a big swale in there. | 18 | CHAIRPERSON BUSH: Mr. Siddiqui, |
| 19 | CHAIRPERSON BUSH: So that answers your | 19 | Mr. Gansz had an excellent point. We did hold |
| 08:41PM 20 | question about the water runoff. | 08:44PM 20 | the Garlands to a fairly high standard in making |
| 21 | MR. BURMEISTER: The other portion I'm | 21 | them meet with each landowner along their |
| 22 | not sure I would be capable of answering you | 22 | property line to talk about settling issues and |
| 23 | mean esthetics of the home? | 23 | the landscaping that they are looking to have, |
| 24 | MR. MARLOW: Esthetically we talked | 24 | and I would charge you with the same |

| | 90 | | 01 |
|-------------------|--|-------------------|--|
| 1 | 89 MR. GODZICKI: Deciduous. | 1 | 91 Douglas firs on the Garlands' property |
| 2 | CHAIRPERSON BUSH: The homeowners might | 2 | MR. GODZICKI: I have some concerns. As |
| 3 | have some concerns about that because they don't | 3 | a company we will represent the Village's we |
| 4 | provide year around. | 4 | don't let new douglas firs get planted out in |
| 08:48PM 5 | MR. GODZICKI: Daniel Godzicki, Rolf | 08:51PM 5 | the open. These are one of those conditions |
| 08:48PM 5 | Campbell & Associates. | 08:51PM 5 | where we would have said that the, okay, we |
| 7 | The trees along the outside are all | 7 | might have said hemlock take a little more |
| 8 | deciduous. The conditions for the most part are | 8 | moisture, deal with the shade, but there is |
| 9 | deciduous trees, meaning the trees will lose | 9 | nothing from an evergreen standpoint that likes |
| 08:48PM 10 | their leaves. There are some existing trees | 08:51PM 10 | to be shaded and wet. |
| 11 | along the back here that are coniferous. They | 11 | MR. EVANS: Would you spell your name |
| 12 | have lost all of their bottom needles so there | 12 | for the court reporter. |
| 13 | is just a little sprig of green 60 feet in the | 13 | MR. GODZICKI: G-o-d-z-i-c-k-i. |
| 14 | air. | 14 | Any other questions? |
| 08:48PM 15 | The issues along the perimeter are | 08:52PM 15 | CHAIRPERSON BUSH: Anybody else have any |
| 16 | such that the drainage patterns, I had to pick | 16 | questions or comments before I let the |
| 17 | trees that are going to tolerate the water. | 17 | petitioner wrap it up? |
| 18 | Once I introduce the deciduous trees, I have to | 18 | COMMISSIONER EHRLE: I have a question |
| 19 | find evergreens that can take shades and there | 19 | about traffic. We have the report that |
| 08:49PM 20 | aren't many evergreens that can take shade and | 08:52PM 20 | essentially says that traffic is, according to |
| 21 | water; cedar is one providing that it will think | 21 | the IDOT, we dealt with IDOT before, but the |
| 22 | its on steroids. And along with that we have | 22 | issue is because I drive by there all the time, |
| 23 | douglas firs that are going in on the Garlands' | 23 | where Kainer Road comes out, there is, actually |
| 24 | property and that's from the tree standpoint is | 24 | Lake-Cook Road goes up, I don't know how many |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 90 | | 92 |
| 1 | the toughest evergreen to grow because it needs | 1 | feet, maybe it is ten feet, my concern is that |
| 2 | shade, it needs good drainage. | 2 | when people come over the top of on Lake-Cook |
| 3 | I have a whole list of things, they | 3 | going eastbound, it is going to be really tough |
| 4 | prefer neutral or slightly acid, well-drained, | 4 | to see if there is traffic backed up in there. |
| 08:49PM 5 | moist soils, fails on dry, poor soils, sunny, | 08:52PM 5 | I'm just stating that issue because I have tried |
| 6 | open, roomy conditions, injured by high winds, | 6 | to come out on Kainer and go left or go west, |
| 7 | does best where there is an abundance of | 7 | and I have given up and go right and I go east |
| 8 9 | atmospheric moisture, if I were to add evergreens. | 8 | because the cars come over the top of that hill and you don't have time if there is no sight |
| 08:49PM 10 | CHAIRPERSON BUSH: There are 20 to 21 | 08:53PM 10 | line there. I have a traffic concern about |
| 08:49PM 10 | douglas firs back there; one of the reason it's | 08:53PM 10 | that. |
| 12 | doing well is shade, put all evergreens in, they | 12 | MR. DAVID LYNAM: Our traffic expert is |
| 13 | wouldn't be exposed to the sun and then they | 13 | here, Mark De La Vergne, and he can address that |
| 14 | wouldn't have the winter wind and summer winds | 14 | question. |
| 08:50PM 15 | blowing against them, and then they would start | 08:53PM 15 | MR. DE LA VERGNE: Mark De La Vergne, |
| 16 | to decay. | 16 | Land Strategies, Inc., 1700 West Irving Park |
| 17 | COMMISSIONER BURROUGHS: Those are next | 17 | Road, Chicago. |
| 18 | to the retaining wall. Douglas firs at grade, | 18 | We did take a look at that issue. |
| 19 | moist, well drained. The installer did a good | 19 | We do meet the national standard; just as a much |
| 08:50PM 20 | job with under drain the trees and they'll keep | 08:53PM 20 | larger development there might be three or four |
| 21 | going once we get a wet season or too dry of a | 21 | cars that maybe an issue. Because this is such |
| 22 | season and in most of those changes the trees | 22 | a small traffic generator, only be one car |
| 23 | all fail. | 23 | waiting there, we meet the standard. |
| 24 | COMMISSIONER EHRLE: So you think the | 24 | But IDOT is going to take a look at |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |

|--|--|--|---|
| 1 | that as well and they are not going to allow us | 1 | leaving, afternoon everyone coming in there |
| 2 | if they don't deem it safe as well. | 2 | isn't going to be that much two-way traffic at |
| 3 | So we have done the profile, we | 3 | the access drive. |
| 4 | meet the standard, and we are going to discuss | 4 | COMMISSIONER EHRLE: Will the curb come |
| _ | 5 5 | 1 _ | around into the driveway? There is a curb on |
| 08:54PM 5 | with IDOT to get their sign off on that as well. | 08:56PM 5 | - |
| | MR. EVANS: We met in August, we had our | 7 | Lake-Cook Road that runs to Glendale. |
| 7 | transportation planner look at that and there | | MR. DE LA VERGNE: Are we extending the |
| 8 | was concern for some time and then they had | 8 | curb and gutter into the site? COMMISSIONER EHRLE: Yes. |
| 9 | presented a study, and the last study that they | | |
| 08:54PM 10 | presented he signed off on and said okay, he | 08:56PM 10 | MR. SIDDIQUI: I believe so. |
| 11 | said it looks like now their plan meets that, | 11 | CHAIRPERSON BUSH: I would like to make |
| 12 | but that initially was one of our concerns is | 12 | a comment. And again it is really a question |
| 13 | they come over the hill, what is going to | 13 | for staff. |
| 14 | happen. | 14 | Do we have in our ordinance |
| 08:54PM 15 | MR. DE LA VERGNE: 35 miles an hour it | 08:56PM 15 | anything about front load versus side load |
| 16 | helps as well. | 16 | garages? |
| 17 | COMMISSIONER BURROUGHS: Question too on | 17 | MR. EVANS: Not that no. |
| 18 | that, my thought was, was there any | 18 | CHAIRPERSON BUSH: We talked about this |
| 19 | consideration at all of a left-hand turn lane in | 19 | many times, and as late it is not an issue. A |
| 08:54PM 20 | there? Is that possible? | 08:57PM 20 | much greater esthetic the side loading garages |
| 21 | MR. DE LA VERGNE: If we did a left-hand | 21 | than front loading garages. And all the models |
| 22 | turn lane, essentially almost from Northwest | 22 | have front loading garages. It may be cheaper. |
| 23 | Highway from once we started widening ours, | 23 | MR. SIDDIQUI: I would love to build but |
| 24 | then IDOT would have to keep widening because of | 24 | unfortunately the size of the lots, they won't |

I just want to make sure that whatever grade we use, however it happens, the house at the very back left corner and I don't know which lot number MR. EVANS: Lot 6. CHAIRPERSON BUSH: Isn't looking down into somebody's bedroom. I don't know how you arrange that. I don't know how you screen it. |

| | 97 | | 99 |
|-------------------|--|------------------------|--|
| 1 | I don't know how you landscape it. Undoubtedly | 1 | 12-lot proposal and we have lost an entire lot |
| 2 | your homes are going to be expensive, the | 2 | which is a significant financial penalty to the |
| 3 | Garlands is expensive; everyone has the right | 3 | developer. |
| 4 | not to have somebody peering on them. | 4 | They have accommodated the comments |
| 08:58PM 5 | So how that needs to be taken care | 09:00РМ 5 | as they have been made by the Garlands, and we |
| 6 | of, I want to make sure that gets addressed, | 6 | will continue to do so. I think the testimony |
| 7 | whatever we need to do. | 7 | tonight supports the fact that the proposal is |
| 8 | MR. EVANS: So you are saying it could | 8 | within the confines of the subdivision |
| 9 | be screened? | 9 | ordinances without exceptions or variances. And |
| 08:59PM 10 | CHAIRPERSON BUSH: Screened, height | 09:01PM 10 | we appreciate and we thank the Plan Commission |
| 11 | adjustment. | 11 | for its time. |
| 12 | MR. SIDDIQUI: Is the relocation of the | 12 | CHAIRPERSON BUSH: Thank you. |
| 13 | window is another option? | 13 | Okay, we will close public comment. |
| 14 | CHAIRPERSON BUSH: Relocation of the | 14 | Anybody have any comments, questions, thoughts, |
| 08:59PM 15 | window, but I do think it is important not to | 09:01PM 15 | motions? |
| 16 | screw up everybody's house. These are all | 16 | COMMISSIONER BURROUGHS: One thought, |
| 17 | expensive homes. These homes are not going to | 17 | hoping this isn't taken the wrong way, do we |
| 18 | be cheaper either. I expect they are going to | 18 | have enough information to pass on all of this? |
| 19 | be \$800,000 or better. I think that everybody | 19 | My concern is we have a lot of work that's going |
| 08:59PM 20 | deserves to have a nice view and not to be | 09:01PM 20 | to be done about what actually this is going to |
| 21 | looking into somebody's bathroom. So I guess | 21 | be with grade changes. Do we have enough |
| 22 | that's my charge. | 22 | confidence in passing this? |
| 23 | And the same thing, I'm not | 23 | CHAIRPERSON BUSH: It seems there is a |
| 24 | concerned about the houses in Glendale only | 24 | lot of work to be done to get to the Village |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 98 | | 100 |
| 1 | because I think there is a lot of setback | 1 | Board. |
| 2 | between your proposed site and the neighbors | 2 | MR. EVANS: I think it's the grade |
| 3 | over there. And if there is screening, I think | 3 | issues is primarily now that's again the side |
| 4 | it should be fine. But I am concerned about | 4 | of responding to some of the comments we heard |
| 08:59PM 5 | they all back up really close to the back end. | 09:02PM 5 | from the Garlands regarding landscaping and the |
| 6 | And I really do want to see you work with the | 6 | lighting. But as far as I thought from public |
| 7 | Garlands so that the pond level is lower, enough | 7 | works' perspective the main one is just is there |
| 8 | lower that there is not going to be ground | 8 | anything more we should do with the grade. But |
| 9 09:00PM 10 | runoff into their site. Having bailed out my basement three times last Sunday morning, the | 9 09:02PM 10 | their review with their consultant initially was |
| 09:00PM 10 | hundred year storm that happens every year here, | 09:02PM 10 | the concept of what they are doing is sound and it is more of tweaking the angles to make sure |
| 12 | I don't want everybody else have to do that. So | 12 | that I guess to ensure safety that there isn't a |
| 13 | I want to make sure we don't have water issues. | 13 | runover of flow of the water. |
| 14 | Those are my comments. Anybody else have any | 14 | COMMISSIONER BURROUGHS: That was the |
| 09:00РМ 15 | other comments? | 09:02PM 15 | issue of the drainage and the landscaping issues |
| 16 | Petitioner, you have the last word. | 16 | and that kind of stuff, just sort of asking the |
| 17 | Do you have anything else to say? | 17 | Commission members if we have question whether |
| 18 | MR. DAVID LYNAM: In summary I think the | 18 | we think we have enough to go ahead and make a |
| 19 | comments we received tonight, we appreciate how | 19 | decision or not. |
| 09:00PM 20 | staff has worked with us. I think for myself I | 09:02PM 20 | CHAIRPERSON BUSH: What does everybody |
| 21 | think I can say that my client has expressed a | 21 | think about that? |
| 22 | great degree of flexibility, accommodated the | 22 | COMMISSIONER HOGAN: I guess I want to |
| 23 | comments from the staff. | 23 | clear up, Paul, in terms of where, obviously we |
| 24 | We started this project with a | 24 | are approving this or be asked to approve this |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| I | (847) 415-2553 | | (847) 415-2553 |

| | 101 | | 103 |
|-------------------|---|-------------------|---|
| 1 | without construction. So in terms of some of | 1 | how far do we go, I mean we need it to |
| 2 | these issues like lighting on an individual | 2 | conceptually work but how far do we ask them to |
| 3 | house, and screening with respect to individual | 3 | final engineer the site at this development |
| 4 | developments, and where in the process is that | 4 | stage. |
| 09:03PM 5 | evaluated, assuming for the moment that they | 09:05РМ 5 | But there are some key issues on |
| 6 | were approved tonight? | 6 | the grading, there is some challenges but I |
| 7 | MR. EVANS: Some of it, you know, is | 7 | guess that's somewhat the decision the Board, or |
| 8 | definitely during permit. | 8 | the Commission if you want them to bring this |
| 9 | Now if there is specific issues | 9 | back as opposed to charge staff with several of |
| 09:03PM 10 | that the Garlands brought up as far as not | 09:05PM 10 | these issues. What staff is saying, that the |
| 11 | allowing lights on the buildings or certain | 11 | grading issues have to be worked out before we |
| 12 | angles to shine, I mean we would normally just | 12 | go to the Village Board. |
| 13 | apply our ordinance which says zero lumens at | 13 | Now, as far as and we need other |
| 14 | the lot line or something like that or excuse | 14 | direction and they are going to meet with the |
| 09:03РМ 15 | me, one footcandle at the lot line, whatever the | 09:06РМ 15 | Garlands regarding landscaping, if there is |
| 16 | code requirements would be. | 16 | other requirements regarding lighting or other |
| 17 | COMMISSIONER HOGAN: Right. | 17 | issues, those are things that if they are not |
| 18 | MR. EVANS: Other things, landscaping, | 18 | resolved, those are things that I'm sure the |
| 19 | as far as the actual placement of the trees, you | 19 | Garlands would be able to bring up either to our |
| 09:03PM 20 | know, that's something else that we can work | 09:06PM 20 | Board or send staff a letter and things that we |
| 21 | through, if there is concern, but | 21 | may be able to interject into this plan prior |
| 22 | COMMISSIONER HOGAN: Work through when? | 22 | to |
| 23 | MR. EVANS: When that's, if you want | 23 | COMMISSIONER BURROUGHS: That would be |
| 24 | more trees than exists there, I mean I think of | 24 | my concern, if it goes past us now, okay, these |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 102 | | 104 |
| 1 2 | what direction you would want staff to follow on that. I mean you would put a condition | 1 2 | other issues require public input into that, all that sharing goes to staff and it may not, the |
| 3 | CHAIRPERSON BUSH: He signed off on this | 3 | inputs may not get to them and I want to make |
| 4 | already. | 4 | sure that as this gets redone, that everybody |
| 09:04PM 5 | MR. EVANS: Puzzling to me too he | 09:06PM 5 | that had initial input into it has a chance to |
| 6 | reviewed the plan twice, and he was the one I | 6 | get the second input into it too. |
| 7 | asked about contribution for the trees so that's | 7 | MR. EVANS: Right. |
| 8 | why I'm confused as far as what wasn't meeting | 8 | COMMISSIONER MCCAULEY: I had a concern |
| 9 | the ordinance and when it was mentioned about | 9 | as well. I think you are 100 percent right, and |
| 09:04PM 10 | more screening, are there more trees that should | 09:06РМ 10 | the Garlands raised a good issue about trying to |
| 11 | be planted and no, I think that there are about, | 11 | make this area as livable as possible by |
| 12 | I want to say about the max and some of it I | 12 | optimizing the landscaping. |
| 13 | think is concerning the size of the tree and | 13 | And listening to the discussion, it |
| 14 | squeezing out the trees adjacent to it; but if | 14 | sounded like we thought roughly between the |
| 09:04РМ 15 | there are more room to put more in, staff | 09:07РМ 15 | houses in this division and the houses on |
| 16 | doesn't have any objection to that. | 16 | Glendale, we might have maybe 130 or 145 feet |
| 17 | And I think some of it is from the | 17 | house to house, I think that was about, and that |
| 18 | tone that I understand tonight is really working | 18 | struck me too because from my back fence until |
| 19 | with the neighbors to say what is going to be, | 19 | my curb line is about 135 feet, what I'm seeing |
| 09:05PM 20 | what is reasonable, you know, and again people | 09:07РМ 20 | is a difference of 8 to 12 feet in elevation |
| 21 | can say I want five trees and as evidenced that | 21 | between this development and the people in |
| 22 | you put in five trees and two of them die, so | 22 | Glendale. That's going to, that's going to |
| 23 | what do you end up with. | 23 | appear quite close. It's going to appear closer |
| 24 | But the other thing tonight too is, | 24 | than it sounds just from the numbers, so I'm |
| | LAKE-COOK REPORTING (847) 415-2553 | | LAKE-COOK REPORTING (847) 415-2553 |

|-------------------|--|-------------------|--|
| 1 | getting back to what Harry is saying, it might | 1 | saying regular household lighting. |
| 2 | be that the Garlands has raised a very good | 2 | COMMISSIONER SCHLOSSBERG: But not, no |
| 3 | point, maybe we should ask the petitioner to | 3 | lighting. I would have a problem with that. |
| 4 | come back one more time once that's resolved | 4 | CHAIRPERSON BUSH: There is security |
| 09:08РМ 5 | with the neighbors. | 09:10PM 5 | issues with having no lighting. I agree with |
| 6 | CHAIRPERSON BUSH: Rip-rap, it's really | 6 | that. |
| 7 | not pretty, it's what you see in the country, | 7 | COMMISSIONER HOGAN: I wasn't here when |
| 8 | it's not what you see, and we certainly didn't | 8 | you all were evaluating the Garlands' |
| 9 | let the Garlands do rip-rap. I want to see | 9 | development, and so I guess I'm not in a |
| 09:08РМ 10 | something nicer than rip-rap because people are | 09:10PM 10 | position to comment on the standards that it was |
| 11 | going to look at this. | 11 | held to; but I do, I mean this is a planned |
| 12 | COMMISSIONER EHRLE: I think that | 12 | development that's consistent with the zoning |
| 13 | there's enough issues. I think I appreciate | 13 | regulations that Paul indicated consistent with |
| 14 | what the Hamilton Court Group has done. There's | 14 | the comprehensive plan. They are not seeking |
| 09:08РМ 15 | been a lot of work, but there's some issues. We | 09:10PM 15 | any exceptions. |
| 16 | can have them leave and what we send to the | 16 | So I don't want to, I really don't |
| 17 | Board, have these issues resolved. | 17 | want to see us over regulated either because |
| 18 | COMMISSIONER SCHLOSSBERG: I would need | 18 | what is good for the goose is good for the |
| 19 | clarification of what those things are. I think | 19 | gander because I don't necessarily think we are |
| 09:08РМ 20 | we want to hear from the neighbors and the | 09:11PM 20 | comparing apples and apples. |
| 21 | Garlands again on this. We want to hear on | 21 | CHAIRPERSON BUSH: I don't disagree with |
| 22 | rip-rap, what are the other open issues that we | 22 | that either. I think it is a delicate balance |
| 23 | need them to return to us on? | 23 | we have to meet, but our charge, is it the best |
| 24 | CHAIRPERSON BUSH: Grading. | 24 | subdivision for our community, all things being |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 106 | | 108 |
| 1 | COMMISSIONER SCHLOSSBERG: Grading. I'm | 1 | relative, all people being reasonable. |
| 2 | very comfortable with public works, but I'll | 2 | COMMISSIONER SCHLOSSBERG: I want to |
| 3 4 | back off. | 3 | comment that I think people are reasonable and I |
| ۔ ا | CHAIRPERSON BUSH: Cross sections that | 4 | appreciate it. CHAIRPERSON BUSH: I appreciate all the |
| 09:09РМ 5 | the Garlands suggested. COMMISSIONER BURROUGHS: We asked that | 09:11PM 5 | comments of all the residents and the Garlands |
| 7 | before on other things, the cross sections, we | 7 | and the response of developer as well. I |
| 8 | don't see them. | 8 | appreciate the fact that you took out a house |
| 9 | COMMISSIONER MCCAULEY: Cross sections | 9 | and added more detention. |
| 09:09PM 10 | will | 09:11PM 10 | So is somebody moving to table this |
| 11 | CHAIRPERSON BUSH: The issue how they | 11 | now that we have some direction? |
| 12 | relate to each other | 12 | MR. EVANS: Continue? |
| 13 | MR. EVANS: Obviously landscaping. | 13 | CHAIRPERSON BUSH: I'm sorry? |
| 14 | COMMISSIONER SCHLOSSBERG: You were | 14 | COMMISSIONER BURROUGHS: I would move. |
| 09:09РМ 15 | going to add monotony code | 09:11PM 15 | COMMISSIONER SCHLOSSBERG: Second. |
| 16 | CHAIRPERSON BUSH: (Continuing.) the | 16 | CHAIRPERSON BUSH: Now, further |
| 17 | neighbor on Glendale Court. | 17 | discussion? |
| 18 | And I do agree there need to be | 18 | COMMISSIONER SCHLOSSBERG: Is there |
| 19 | back light restrictions. I don't know what our | 19 | anything else that needs to be on that list or |
| 09:09РМ 20 | code provides for that. I don't know off the | 09:12PM 20 | are we in agreement that they have to come back |
| 21 | top of my head. My only concern is, is that | 21 | to us? |
| 22 | somebody not put up a dusk-to-dawn light in the | 22 | CHAIRPERSON BUSH: I think the biggest |
| 23 | back yard that's going to show in someone else's | 23 | issue is grading. So we just, we do a voice |
| 24 | yard. I think there is nothing wrong with | 24 | vote to continue, correct? |

|-------------------|--|-------------------|--|
| 1 | MR. EVANS: Well, we wanted to talk | 1 | report it looks like we will be seeing some |
| 2 | about a date because we want to do a date | 2 | amendments to Cook Street bus. |
| 3 | certain. And basically our docket I think is | 3 | CHAIRPERSON BUSH: Do we have minutes to |
| 4 | open; lets see, I want to make sure yes, it | 4 | approve? |
| 09:12PM 5 | looks like our docket is open right now, but I | 09:14PM 5 | MR. EVANS: Yes, you have February 28th, |
| 6 | guess when can the developer have the plans to | 6 | which is the Picture Master. |
| 7 | turn back because the next available meeting is | 7 | COMMISSIONER BURROUGHS: So moved. |
| 8 | April 11th. But for April 11th, we would need | 8 | CHAIRPERSON BUSH: Second? |
| 9 | information turned back the first week of April, | 9 | COMMISSIONER SCHLOSSBERG: Second. |
| 09:12PM 10 | or whatever, so | 09:14PM 10 | CHAIRPERSON BUSH: All in favor |
| 11 | CHAIRPERSON BUSH: Can you do that? | 11 | (Chorus of ayes.) |
| 12 | MR. EVANS: We are talking about a | 12 | CHAIRPERSON BUSH: Anybody opposed? |
| 13 | two-week time period. And again, to have the | 13 | (No response.) |
| 14 | other plan reviewed by other people for the | 14 | CHAIRPERSON BUSH: Anything you need to |
| 09:13РМ 15 | Garlands to take a look at it, and to take the | 09:14PM 15 | talk to us about, the planner's report? |
| 16 | neighbors to meet and things like that. | 16 | MR. EVANS: No, that's it. |
| 17 | CHAIRPERSON BUSH: We should do | 17 | I think I'll be noticing Cook |
| 18 | April 25th. | 18 | Street tomorrow and then the 25th we would be |
| 19 | MR. EVANS: I think would be probably | 19 | back with this. We don't have anything else |
| 09:13PM 20 | more reasonable. | 09:14PM 20 | pending at this time. |
| 21 | MR. SIDDIQUI: I will get back to you | 09:14PM 20 | (WHEREUPON THE PROCEEDINGS |
| 22 | tomorrow morning. | 22 | CONCLUDED.) |
| 23 | CHAIRPERSON BUSH: We need it tonight. | 23 | GONGEOBED.) |
| 24 | MR. SIDDIQUI: April 25th? | 24 | |
| | LAKE-COOK REPORTING | | LAKE-COOK REPORTING |
| | (847) 415-2553 | | (847) 415-2553 |
| | 110 | | (011) 110 2000 |
| 1 | CHAIRPERSON BUSH: I don't want to crush | | 112 |
| 2 | your time. That would be giving away our time, | | 112 |
| 3 | and we can't do something else, so April 25th. | | 1 STATE OF ILLINOIS) |
| 4 | COMMISSIONER SCHLOSSBERG: Do we have, | | 2) |
| 09:13PM 5 | we want to add a pond? | | 3 COUNTY OF LAKE) 4 |
| 6 | MR. EVANS: Rip-rap. | | 5 |
| 7 | CHAIRPERSON BUSH: The level. | | 6 |
| 8 | COMMISSIONER SCHLOSSBERG: I think I | | 7 I, Carla P. Letellier, a Certified |
| 9 | heard you guys said you can adjust that. | | 8 Shorthand Reporter of the State of Illinois, CSR |
| 09:13PM 10 | CHAIRPERSON BUSH: You will work with | | 9 No. 084-003315, do hereby certify that I |
| 11 | the Garlands on that. | | 10 reported in shorthand the proceedings had in the |
| 12 | So we have a motion, a second to | | aforesaid matter, and that the foregoing is a |
| 13 | the 25th, correct? | | true, complete and correct transcript of the proceedings had as appears from my stenographic |
| 14 | All in favor, aye. | | 14 notes so taken to the best of my ability. |
| 09:13PM 15 | (Chorus of ayes.) | | 15 |
| 16 | CHAIRPERSON BUSH: Anybody opposed? | | 16 |
| 17 | (No response.) | | 17 |
| 18 | CHAIRPERSON BUSH: So we will be back on | | 18 CERTIFIED SHORTHAND REPORTER |
| 19 | the 25th. And we will be back in the Village | | 19 |
| 09:14PM 20 | Hall. | | 20 21 |
| 21 | MR. EVANS: Yes. | | 21 22 |
| 22 | CHAIRPERSON BUSH: And do we have | | 23 |
| 23 | anything for the 11th? | | 24 |
| 24 | MR. EVANS: We are as far, as our plans | | |
